## New Offices for Airport Administration

We are excited to announce that the Airport Administration offices have moved! The offices are located in the same building, although now a few steps closer to the terminal, directly across from the short term parking lot.

This is the first time in several years that office staff have been together in one office space, and we are looking forward to a fresh, collaborative work environment. Administration, Badging & Security, and Operations will be able to work even more closely under one roof from our new location.

The Airport offices address will remain the same at 2290 Airport Blvd., Santa Rosa, CA 95403. Just look for our Snoopy logo.

# Featured Fly-in Destination

## Half Moon Bay (KHAF)

*by Fly in California*

Half Moon Bay is a popular fly-in destination from the Bay Area, and for good reason! The airport is close to the marina and beach at Princeton by the Sea. It's a fairly short flight over the mountains, with gorgeous views of the Pacific Ocean and coast, and your lunch or dinner there can be combined with a Bay Tour for a perfect sight-seeing day with friends!

This is a favorite fly-in lunch place for many pilots, because it has such a great collection of eateries within walking distance of the tie-downs. No car needed! It's also a wonderful place to take a walk along the beach and breathe the sea air! Don't forget to bring your camera!

Do watch out for the coastal fog, and check the weather before you go!

### The Airport

Half Moon Bay airport is actually a few miles north of the town of Half Moon Bay, but is right next to the smaller town of Princeton by the Sea. Flying north along the coast you will first come to Half Moon Bay - the bay, not the town. It looks like a smaller version of Monterey Bay, with the same great sandy beach, but not the buildup of houses.

### What's There?

Princeton is a great little place, with many great restaurants, a marina, a working harbor with fishing boats and some great deals on really fresh fish. It also has a nice beach, and you can even watch the surfers take on the famous Mavericks.

*Half Moon Bay Airport aerial view.*

*Pillar Point Harbor shops and restaurants.*

## Airport Dumpsters, Recycling & Oil Recycling

The Airport provides dumpsters, recycling bins and oil recycling for the use of Airport hangar and tiedown tenants for waste generated on the Airport. The Airport Manager's office has been receiving complaints that vehicles are entering from outside the Airport and dumping large amounts of trash from off the Airport and overfilling the dumpsters.

Per County Ordinance No. 6090, Sec. 3-4 General rules of conduct (e) No person shall place, dump or abandon any waste, refuse, personal belongings, or any other material anywhere on the Airport premises. Signs posted by the dumpsters also prohibit dumping of any items from outside the Airport.
